👤 Summary

I am an Electronics and Communication Engineering student with a strong interest in graphic design, web development, and UI/UX design. Alongside my technical knowledge in electronics, I have developed creative skills in designing visuals, websites, and digital experiences. I am passionate about blending technology and creativity to build innovative solutions. My goal is to continuously learn, adapt, and contribute to projects that connect engineering with design and development

📊 Skills

| Adobe Photoshop | Adobe Illustrator | Figma | HTML | CSS | Data Analysis | Project Management |

| Microsoft PowerPoint | Microsoft Word | Microsoft Excel |

🎓 Education

Mailam Engineering College, Anna University
B.E - electronics and communication engineering   *Villupuram, Tamilnadu*
Sep 2024

Chanakya.matric.hr.sec.school, State Board
12th - computer science, CGPA: 2024   *Villupuram, Tamilnadu*

📄 Projects

1)Tourister – Designed and planned features for Tourister, a smart travel guide app that simplifies trip planning. Developed user flow, organized destination search, integrated historical and seasonal insights, and included guide contact tools. Focused on creating a user-friendly experience that empowers travelers with all-in-one destination info

2)TrackUp – Smart Educational Roadmap is a modern, AI-powered platform that helps students organize their academic journey and shape their career path. With a clean and futuristic design, TrackUp allows users to register, manage their academic details, and access personalized study and career roadmaps based on their branch or department. Whether you're in CSE, Mechanical, Civil, or any other field, TrackUp suggests the right skills, courses, and technologies to focus on—making learning structured and goal-oriented.
